The exam has a 48 hour time limit from when you opened this part. Please make sure you turn in your exam notebook named 'W200_Final_Exam.ipynb' to gradescope before your time limit expires. You may re-submit as many times in the 48 hour window as needed - we will take the last exam file within the window as the 'official version'. This exam is not autograded - it will be fully manually graded. It is recommended that you `restart and run all` before turning in your notebook so that your answers are shown in each cell.

Please remember the communication policy outlined in class: do not ask exam related questions over the course slack channel. Instead, please email all of the instructors directly (please email the instructors at: mids-python-instructors@googlegroups.com to increase your chance of a timely response.)
